CAREER OBJECTIVE

Motivated Computer Engineering student with a strong interest in Artificial Intelligence and Machine Learning. Possess a solid foundation in Python programming data structures and object-oriented concepts. Seeking an AI ML internship to gain hands on experience apply theoretical knowledge and learn from real world industry projects.

EDUCATION

Bachelor of Engineering in Computer Engineering
Savitribai Phule Pune University
Third Year

TECHNICAL SKILLS

Programming Languages
- Python C++

Core Concepts
- Data Structures
- Object Oriented Programming

Artificial Intelligence and Machine Learning
- Basic Machine Learning Concepts
- Supervised and Unsupervised Learning
- Data Preprocessing

Libraries and Tools
- NumPy
- Pandas

COURSES AND CERTIFICATIONS

Python Basics – HackerRank
Advanced Python Concepts – Code With Harry Python Bootcamp

PROJECTS AND PRACTICAL WORK

Academic and Mini Projects
- Developed Python based programs to understand problem solving logic and data handling
- Implemented basic algorithms using Python to strengthen analytical and programming skills
- Explored introductory Machine Learning workflows including data preprocessing and model understanding

---

ADDITIONAL INFORMATION

Strong interest in Artificial Intelligence Machine Learning and Data Science
Actively learning through self study and online platforms
Eager to participate in hackathons and technical events
